

# CUROEnterprise

CuroEnterprise is a highly configurable solution which ensures organisations manage and optimise their human capital investment and deliver on their reward strategies. Our user intuitive platform provides areal time view to decision makers to support informed pay decisions.

## Product

- Manages multiple fixed pay, short and long term incentives, and promotion scenarios;
- Aligns compensation with key talent and business metrics;
- Features a data architecture and an embedded calculation engine optimised for complex compensation programmes;
- Uses flexible, review specific, workflow based approvals to support matrix management structures;
- Has intuitive alert functionality to ensure that compensation recommendations are made in line with appropriate governance, are equitable, fair and risk aligned;
- Produces compensation statements for employees at the end of the review cycle;
- Provides a secure, robust, resilient and reliable software-as-a-service (SaaS) solution, hosted in either the public cloud or our ISO 27001 certified, data centres, running on physical infrastructure that is wholly owned and managed by our own vetted staff.

This screenshot shows a detailed table of employee compensation data. The table includes columns for employee ID, name, position, salary, and various incentives. The data is organized into multiple columns, providing a comprehensive overview of the organization's compensation structure.

This screenshot shows a detailed table of employee compensation data, similar to the previous one, but with a different layout and additional columns for tracking and management.

## Key

- Enables you to maximise the impact of your compensation spend and ensure you deliver rewards to those who contribute most to your business;
- Ensures compensation recommendations are made in line with corporate governance, and are equitable, fair and transparent;
- Transforms the pay review process from a highly complex, time-consuming and exhaustive experience to one that is automated and engaging;
- Provides powerful analytics and intelligent decision support to drive effective compensation decisions to ensure you retain the right staff, drive productivity and deliver business goals.

Curo is trusted by many of the world's leading companies to deliver great technology to help them manage and optimise their compensation spend.
